

COMPLETE YOUR CERTIFICATION KIT

Exclusive FiberTEK IV Upgrade Offer

One Tester. One Platform. Complete Certification.

Complete your certification solution with FiberTEK IV, available at exclusive bundle pricing for existing LanTEK customers.

Complete your certification kit for less. FiberTEK IV transforms your LanTEK IV or LanTEK IV-S into a complete Tier 1 fiber certification solution, enabling fast, accurate certification of multimode and single-mode fiber using the same familiar platform and user interface. With TREND AnyWARE™ Cloud integration, you can manage both copper and fiber test results together in one connected solution.
